APPSC GROUP 1 AND GROUP 2 · ENGLISH AND TELUGU

BLOOM Current Affairs plan, 2026-27

A weekly issue every Sunday and a monthly book on the 3rd, from January 2026 news up to 21 January 2027, the last update before Group 1 Prelims on 24 January 2027. Each release comes out in English and in Telugu on the same day.

What comes out

Weekly issue (Vaaram)

Every Sunday at 10 am. The news of the past week, Andhra Pradesh first. Each story gives the news, the idea behind it and real APPSC questions on that idea. A test on every story and a map page close the issue.

Monthly book

The 3rd of every month. The whole month in six sections: Andhra Pradesh, Polity and Governance, Economy and Schemes, Science and Environment, The World, Culture and Sports. A 30-question exam closes the book.

Back months and revision

January to March 2026, with the AP Socio-Economic Survey 2025-26. April to July 2026. 2025 in short form, the running-schemes list and a 12-month revision book.

Which news we cover, and why

We counted 468 past APPSC questions that came from a news event, and measured how old that news was on the exam day.

Exam	Last 12 months	12 to 24 months	Older
Group 1 Prelims	73%	9%	18%
Group 2 Screening	82%	15%	4%
Group 2 Mains	56%	16%	28%
Group 1 Mains	55%	25%	20%

So January 2026 to 21 January 2027 is covered in full. January to December 2025 is covered in short form: only facts still in force, or facts that lead to a syllabus topic. Every scheme still running is in one list, whatever year it started. Group 2 follows the same rule from its exam date, once APPSC announces it.

How a news item gets into an issue

1. **Collect.** Every morning at 7 we read Government Orders, government press releases and the Telugu papers.
2. **Check.** A fact goes in only when an official record confirms it. Newspapers help us find news; they do not confirm it.
3. **Select.** We keep what APPSC can ask, judged from its past papers. Andhra Pradesh comes first.
4. **File.** Each fact is one card with one ID, checked once and used everywhere.
5. **Write.** Every card is written in English and Telugu. A native reader checks the Telugu.
6. **Release.** The weekly issue on Sunday at 10 am; the monthly book and its exam on the 3rd.
7. **Correct.** If we find an error after release, we fix the same card and show the correction to learners.
